## CERTIFICATES

- Introduction To Cloud Computing                          **AWS**
- SoftSkills                                                      **NPTEL**
- Programming Essentials In Python                          **CISCO**
- Html,Css AND Javascript                                    **COURSERA**
- Introduction to Networks                                   **CISCO**

## PROJECTS

**Web pages using Html and Css.My portfolio**

Created personalized web pages for my portfolio using HTML and CSS, showcasing a blend of design aesthetics and coding proficiency to highlight skills, projects, and experiences.

**Restaurant Landing page using Html ,Css and Javascript:**

Designed and implemented a dynamic Landing Page utilizing HTML, CSS, and Javascript,  combining  visually appealing elements with interactive features for an engaging user experience.

**Application : Weather Forecast Using java script**

Developed a Weather Forecasting Application using JavaScript, integrating real-time data and interactive features to provide users with accurate and user-friendly weather information.

**Book Store Management system using  NodeJs, MongoDB, ReactJs:**

Designed and Implemented a Book Store Management System using Frontend and Backend Technologies, it includes a vast array of streamlining inventory control and customer management.

**Audio Stegonagraphy using Python:**

Stegonagraphy is the art of hiding information in ways that prevent the detection of hidden messages. It includes a vast array of secret communications methods that conceal the messages very existence. This project portrays a secure way of transmitting confidential data and the integrity of data is preserved.

## LANGUAGES

- English                                                      Professional Working Proficiency.
- Telugu                                                        Native or Bilingual Proficiency.
- Hindi                                                          Professional Working Proficiency.

## ACHIEVEMENTS

- Attained the rating of 5 stars in Java on HackerRank
- Participated in coding contests, events to showcase my skills and Organized several events and college fests.
